## Sintonía by Jose Mari Goenaga at the 2nd European Union Short Film Festival

The European Union Delegation to Canada, the European Union National Institutes for Culture (EUNIC) and the diplomatic missions of EU Member States, in collaboration with the Canadian Film Institute, are pleased to present the second edition of the European Union Short Film Festival.

This year's European Union Short Film Festival features an engaging program of 18 short films from European Union Member States, each showcasing works in a variety of short film formats, including drama, documentary, and animation. These films, from both prominent and emerging filmmakers, will be presented in their original language with English sub-titles. The event is open to the public free of charge and will be held 28 May through 30 May at 6:30 pm.

*Sintonía* (*Wavelength*) is the short film selected to represent Spain:

Sometimes, in a place where people pass each other by, in a matter of minutes you can find yourself connecting with someone else.
